GREAT FUTURES SOCIETY

The Great Futures Society is our annual philanthropic society that recognizes and celebrates donors who have pledged a minimum of a three-year commitment. Through the generosity of these donors, the Club is able to inspire and empower youth to build a better future for themselves. I've been a member of the Council Bluffs Boys & Girls Club for twelve years. Over those years, I have learned the true meaning of Boys & Girls Club – it's a place to find yourself when you have no clue who you are, conquer your troubles and figure out the passions that will guide you to your happiest and most successful life.

I've had a rough upbringing. I was born into poverty and commonly had to worry about how much food we would be able to afford, and whether or not my mother would be able to pay the bills fully. Throughout my childhood, I would have to deal with a chaotic home environment as we lived in an apartment surrounded by drug dealers and crime. Furthermore, I live with a single mother who had to overcome a ruthless drug addiction in order to raise me properly. I've always been in need of opportunities as I've never had

anyone besides my mother to influence me or provide academic support which the Clubs were able to do.

All of these setbacks have built me into the warrior that I am today: someone who has substantial goals, someone who has a passion for influencing everyone to be great and someone who will make a significant difference in the lives of those who have their own setbacks. You see, I want to influence the world positively and show people that no matter where they come from or what disadvantages they have, they can fulfill their wildest dreams with an exceptional work ethic and passion for what they are doing. //
